INTRODUCTION

This reading list has originated in the practical interests of members of THE NATIONAL CONFERENCE OF CHRISTIANS AND JEWS. "Please send me a list of books and pamphlets in your field," read some of the inquiries. Hence these references took form. The present compilation is built upon previous, and shorter, lists that have been published in the Bulletin of THE NATIONAL CONFERENCE.

The reading list that follows cannot be regarded as exhaustive. An effort has been made to list a variety of representative titles. But no claim is made that the titles here given embrace all the available or valuable publications. There are listed numerous works on religion and the institutions of religion. In the selection of these titles the compiler has endeavored fairly to represent Judaism, Catholicism (Roman and Anglo and Eastern Orthodox) and Protestantism.

Persons interested in the practical social programs of religious bodies may write for further bibliographical suggestions to The National Catholic Welfare Conference, 1312 Massachusetts Avenue, N. W., Washington, D. C.; The Federal Council of the Churches of Christ in America, 297 Fourth Avenue, New York; The Synagogue Council of America, 120 Prospect Avenue, Mt. Vernon, N. Y.

Valuable suggestions for this list have been received from Jewish, Catholic and Protestant scholars who were consulted. The final responsibility for selection of titles rests, however, solely with the compiler.

The compiler will be glad to receive suggestions for future editions of this reading list, in case there is sufficient demand to warrant another printing.
